Aluminum "Z" Style Speed Rack USRACK-Z Diagram & Specifications

Features & Specifications

Perfect for kitchens where space is at a premium, this "Z" type nesting bun pan rack is conveniently designed to nest inside of similar racks when not in use, which saves valuable storage space. Each rack can be used to transport up to (20) 18" x 26" sheet pans around your establishment and features 2-3/4" of space between each slide to accommodate an array of food items in your commercial kitchen, bakery, or grocery store! All Cross members are 1" x 1-1/2" Tubular Aluminum for added Strength.

Constructed of fully welded, ultra-strong type 6063-T5 aluminum, this rack includes (4) 5" heavy duty non-marking polyurethane swivel casters, two with brakes and two without brakes. Its ribbed slides and end load design allow for easier loading and unloading of sheet pans.

Overall Dimensions:

Length: 20 3/8"
 Width: 26"
 Height: 70"-7/8"

MODEL	DIMENSIONS (L x W x H)	Racks	WEIGHT
